## Safety Nets & Resilience

Grown School Feeding (HGSF) Strategy validation workshop from 17 to 18 July 2019. Participation was drawn from government ministries (from both national and state-level) including MOGEI, the Ministry of Gender, the Ministry of Environment and Forestry, UN agencies (UNICEF, FAO), International NGOs (Plan International, World Vision International, Adventist Development and Relief Agency, Norwegian Refugee Council), and the University of Juba. This led to the signing of a Letter of Understanding (LoU) between Ministry of General Education and Instruction (MOGEI) and WFP for School Feeding Programme, for the period between August 2019 to December 2020.

- WFP is in the process of conducting training to farmers and extension workers on post-harvest management of their commodities to reduce the volume of produce lost after the harvest. WFP is also conducting assessments in the former states of Eastern Equatoria, Northern Bahr el Ghazal, and Warrap to inform the expansion of the Rural Aggregation Network (RAN), piloted last year in Western Equatoria, through which grains will be aggregated from smallholder farmers and purchased by WFP for use in its food assistance programmes, such as school feeding.
