INTRODUCTION

1. At its Fortieth Session the Committee on Food Aid Policies and Programmes (CFA) decided that for 1996 there should be three sessions of the Executive Board; a regular (organizational) session on 22 January, the annual session in April or May immediately followed or preceded by a regular session, and a third regular session in October or November. The agenda for each session would be essentially as indicated in document CFA 40/7, Annex I.

2. This paper proposes for the consideration of the Board the sequence of sessions, the dates for those sessions and an associated programme of work.

SEQUENCE AND DATES OF MEETINGS

3. It is proposed that the Second Regular Session of the Board be held on 22 - 24 May, to be followed by the Annual Session to be held on 27 - 30 May 1996. The Third Regular Session could be held from 21 to 24 October 1996. These proposals take into account the provisional schedule of inter-governmental meetings convened by FAO and IFAD.

ANNUAL PROGRAMME OF WORK

4. The draft annual programme of work has been based on the division of labour between the Annual and Regular Sessions, and the tentative agendas approved by CFA 40 (document CFA 40/15, paragraph 28 a). The principal change is the proposal to move the items dealing with Reports to the Economic and Social Council (ECOSOC) and to the FAO Council from the Second Regular Session to the Annual Session. This change is consistent with the intent of General Assembly resolution 48/162, and, with the re-scheduling of the sessions approved at the Fortieth Session of the CFA, can be accommodated with little additional risk of not being able to submit the reports in good time.

5. Attachment I sets out the indicative sequence of sessions and draft agendas as presented to CFA 40. Attachment II sets out the proposed sequence of sessions for 1996 based on the decisions of CFA 40; and a detailed draft programme of work. This programme of work could be adjusted by the Board in the light of experience and decisions taken in other inter-governmental fora.

RECOMMENDATION

6. The approval of the Board is sought for the sequence of sessions and the draft programme of work set out in Attachment II.
