operational
ETS services

The Emergency Telecommunications Sector was activated on 23 November 2016 to address the critical ICT needs identified during an assessment in North-East Nigeria in September 2016. The fulfilment of these gaps enables humanitarians on the ground to carry out their jobs efficiently and safely, ultimately assisting more people and saving more lives.

47 coordination
meetings organised

67 Information
Management products
(maps, SitReps,
factsheets,
meeting
minutes)

Funding needs:

86.5%

of the total ETS funding needs
(US\$5.8million)
has been covered
