In Numbers

143 mt of food assistance distributed

USD 1.1 m cash-based transfers made

USD 268 m Total Requirements

66,870 people assisted

In June 2020

Operational Updates

Emergency Response

- In June, 45,470 people received food assistance from WFP, 143 mt of food and USD 762,000 distributed as cash-in-envelope and e-money.
- WFP reinforced coordination with the Civil Protection Directorate to ensure that prevention measures concerning COVID-19 are correctly implemented during WFP’s activities; 5 letters of understanding were signed with Departmental Civil Protection Directorates.

School Feeding

- Proposals are being reviewed from cooperating partners in order to establish field-level agreements for the upcoming school year, which starts on the 10th of August.
- WFP is developing a gender-responsive monitoring and evaluation framework for its social and behaviour communication change (SBCC) strategy under the school feeding programme in Haiti.
- A lessons-learned exercise was prepared in order to analyse strengths and weaknesses of the school feeding programme ahead of the next school year.

Social Protection

- The National Social Protection and Promotion Policy (NSPPP) was adopted by the Council of Ministers. WFP played a key role in coordination and technical assistance for its development.
- The order of implementation has been issued for the NSPPP, and the Drafting Sub-Commission was revitalized with a transitional mandate in order to discuss modalities and next steps in the implementation of the policy.

Operational Context

Haiti ranks 169 out of 189 countries on the 2019 Human Development Index. Haiti has one of the highest levels of chronic food insecurity in the world with more than half of its total population chronically food insecure and 22 percent of children chronically malnourished. Underlying drivers of this situation include extreme poverty and frequent natural disasters. On the 2019 Climate Risk Index, Haiti is fourth among the countries most affected by severe weather events.

WFP has been working in Haiti since 1969. WFP’s priority is to support the Haitian Government in developing sustainable solutions to hunger and malnutrition to achieve Sustainable Development Goal (SDG) 2 “Zero Hunger”.

### UNHAS

- During the month of June, the United Nations Humanitarian Air Service (UNHAS), which serves the wider humanitarian community, transported 147 passengers and 1.55 mt of cargo.

### Monitoring and Evaluation

- The SugarCRM platform was adjusted for requirements in Haiti for rollout; SugarCRM is software that allows WFP to manage and track feedback from beneficiaries on a single platform, making it easier to address complaints in a timely manner.
- Regular post-distribution monitoring was carried out for cash interventions throughout the country.

### Vulnerability Analysis and Mapping

- Market analyses were carried out in support of cash-based transfer programming in the Centre, North and Artibonite departments.
- WFP supported the National Coordination for Food Security (CNSA) to prepare for the next Integrated Food Security Phase Classification (IPC) exercise, to be conducted in August.
- WFP conducted the first round of the phone survey to assess the impact of COVID-19 on food security.

### Donors

- Canada, European Union, France, Germany, Haiti, Japan, Private Donors, Spain, Switzerland, UN CERF, UNDP and USA.
