

WFP Common Services HIGHLIGHTS

20 August 2020

Due to extreme disruption in the global transport market, WFP has established supply chain services on behalf of the humanitarian and health community in alignment with the **COVID-19 Global Humanitarian Response Plan**. These services enable the health response to the COVID-19 pandemic through the transport of essential humanitarian and health cargo and personnel to destinations not currently reachable through other means.

HEALTH AND HUMANITARIAN CARGO TRANSPORT
