

Strategic Outcome 4 Enhanced Livelihoods

3,941 smallholder farmers (62 percent female) from 53 cooperatives supported with trainings on **post-harvest management and value chain opportunities**; storage facilities and food transformation equipment

Strategic Outcome 5 Capacity Strengthening

Initiated an informal **social protection working group** with UN agencies, the government and the World Bank

Collaborated with the government on **food and nutrition assessments**

Recruited a **food security working group coordinator** for the Ministry of Agriculture and Rural Development

Strategic Outcome 6 Humanitarian Service

UNHAS transported **4,859 passengers and 14.8 mt of cargo from 72 organisations**, of which were 17 medical evacuations

16,000 bales of **impregnated mosquito nets** delivered to 3,972 health areas in partnership with the Ministry of Health

219 health workers trained on **medical logistics**

7,008 mt of commodities (beans, sorghum, rice, salt) were purchased locally

The World Food Programme was able to support the Government of Cameroon in efforts towards SDG 2 (Zero Hunger) and SDG 17 (Partnerships) in 2021 thanks to the contributions of donors
