Operational Context

The Islamic Republic of Iran, a lower middle-income country with a population of 83 million, is hosting one of the largest and most protracted refugee populations in the world. The Government of Iran has generously hosted approximately 1 million refugees for the past 40 years. The majority, which mainly came from Afghanistan and Iraq, live in urban areas. Approximately 32,000 of the most vulnerable refugees live in 20 settlements located throughout the country.

WFP Iran works under its Interim [Country Strategic Plan \(ICSP 2018-2023\)](#) extended until the end of March 2023 to align it with both the United Nations development assistance framework (2017–2021), which has been extended for one additional year, and the National Development Plan (2016–2022). The new ICSP for 2023–2025 is also under development and planned for presentation to WFP Executive Board in February 2023. WFP assists 32,000 beneficiaries yearly through unconditional food assistance, in addition to the provision of a girls' education cash incentive, and a school feeding initiative consisting of nutritious school snacks.

Moreover, WFP continues to support refugees' livelihoods through activities aiming to provide them with complementary skills in view of sustainable repatriation to their country of origin once the situation is conducive. WFP has been present in Iran since 1987.

Monitoring

- Remote monitoring calls are ongoing. Every month, 2.5 percent of the refugee households are selected randomly and contacted via phone. During the calls, personal and household information is confirmed, and refugees are asked whether they have received their monthly cash and food entitlements. Furthermore, the quality and quantity of assistance received are also verified.
- The Post Distribution Mission 2022 conducted jointly with UNHCR in October, is almost finalized. Findings will be shared with BAFIA in January 2023 for consideration.

- On 13 and 14 December, Iran Country Office organized a two-day workshop in Tehran for its government counterparts from the Bureau of Aliens and Foreign Immigrants Affairs (BAFIA) of the Ministry of Interior. More than 60 BAFIA personnel from the field and Tehran gathered in an interactive forum and had the opportunity to learn about upcoming changes to the programme under the next Interim Country Strategic Plan (2023-2025) and other topics such as beneficiary management, monitoring, reporting, and food storage and distribution. The Workshop was inaugurated by the Iran CD, Negar Gerami, and the Director General of BAFIA, Colonel Rezadoost.
- The Iranian Ministry of Foreign Affairs and the Bureau for Aliens and Foreign Immigrants Affairs (BAFIA) are the main cooperating partners of WFP in Iran. BAFIA is responsible for coordinating all matters related to refugees and international agencies. Bi-annual meetings take place between BAFIA, UNHCR, and WFP. Monthly operational coordination meetings are also held to monitor the refugee situation and discuss appropriate response actions.
- WFP has a long-standing partnership with UNHCR, given the nature of WFP operations in Iran in refugee settlements. In this context, Joint Assessment Mission (JAM), joint distribution, and joint post-distribution monitoring take place regularly.
