

COUNTRY CONTEXT

COUNTRY STRATEGIC PLAN (CSP) focused on six strategic outcomes

CSP budget 119.4 USD million | 71.67% funded

March 2023 • EVALUATION • November 2023

KEY FINDINGS & CONCLUSIONS

STRATEGIC POSITIONING AND ALIGNMENT

Aligned with national policies, strategies and existing consultation mechanisms

Important role within the UN country team in Conakry but less at the decentralized level

Emphasis on school feeding and resilience but limited emergency response preparedness

KEY CONTRIBUTIONS TO SIGNIFICANT CHANGE

School feeding interventions helped reduce drop-out among girls

Improved nutritional results for children, breastfeeding women and vulnerable populations thanks to holistic nutrition approach

Revitalized producer organizations and strengthened food value chains

AREAS OF IMPROVEMENT

Promoted inclusive and transformative approaches to sustainably overcome situations of nutritional vulnerability

Enhanced the preparation of integrated resilience projects, by improving targeting, adapting support to local context and providing a clear exit strategy

RECOMMENDATIONS

1

Strengthen partnerships - capitalisation, programme synergy and geographical coverage - through joint action and by targeting those most promising

2

Better prepare integrated resilience projects employing technical partnerships and a clear exit strategy

3

Promote inclusive and transformative approaches to overcome vulnerabilities by targeting root causes through empowerment strategies and qualitative monitoring

4

Stay accountable to populations by monitoring and assessing activities, and monitoring food and nutrition insecurity
