Environmental and Social Management Plan Annex to the Financing Agreement

General Considerations

- 1. The World Food Programme (WFP) is planning to implement **Sudan Emergency Wheat Production Project Phase II** (the *Project*). The Bank has agreed to provide financing, implementation support and monitoring for the Project in accordance with the terms of the FA.
- 2. WFP will implement measures and actions of this Environmental and Social Management Plan¹ (*ESMP*) in accordance with the FA and the normative framework of WFP including the WFP Environmental and Social Sustainability Framework so that the Project meets all the relevant requirements of the Bank Environmental and Social Operational Safeguards (*OS*) and relevant national policy and legal requirements.²
- 3. Where the ESMP refers to specific plans, whether they have already been prepared or are to be developed, the ESMP requires compliance with all mandatory provisions of such plans.
- 4. The table below summarizes the material measures and actions that are required, the basis of the requirement, the timing of the measure or action, and the criteria to be used for determining whether the required measure or action has been successfully achieved, WFP is responsible to implement the Project activities in accordance with the terms of the FA and the relevant requirements of the ESMP.
- 5. Implementation of the material measures and actions set out in this ESMP will be monitored and reported to the Bank by WFP as required by the ESMP and the conditions of the FA, and the Bank will monitor and assess progress and completion of the measures and actions throughout implementation of the Project in accordance with the FA.
- 6. As agreed by the Bank and WFP, this ESMP may be revised from time to time during Project implementation, to reflect adaptive risk management of project changes and unforeseen circumstances or in response to assessment of project performance conducted under the ESMP itself. In such circumstances, WFP will propose and agree changes with the Bank and then update the ESMP to reflect on such changes.

Material Actions³ to Manage the Project's E&S Risks and Impacts		Basis for Requirement	Key Performance Indicator	Indicative Timing/Deadline
Quarterly E&S implementation report to the Bank		Bank's ESP and OS1	Reports submitted on time, of good standard	Two weeks after the due period
1	Onboarding of E and S specialists as part of the Project implementation unit	Disclosed ESIA, OS1	Seasoned E&S specialists in the PIU	By Project effectiveness date
2	Operation of the Project Grievance Redress Mechanism (GRM), through WFP Community Feedback Mechanism, and disclosure to Public	OS1, OS10 and National requirements	Existing WFP Community Feedback Mechanism applied	One month after commencement of the Project
3	Payment of compensation and	SO10	N/A as the	No Resettlement

¹ The ESMP refers to all the E&S risks/impacts and measures, as approved in all the disclosed E&S documents and agreed between the Bank and Borrower. For projects involving multiple subprojects, that are identified, prepared and implemented during the course of the project, the Borrower will need to demonstrate to the Bank, before the project appraisal, through the preparation of E&S documentation of a sample of subprojects, that it has the capacity to carry out appropriate environmental and social assessment of subprojects, and prepare and implement such subprojects in accordance with the national laws and the OSs. (*Section III.2.3 of Bank's ESP and section D of OS1*).

⁵ Applies to non-sovereign operations and public sector projects implemented by permanent autonomous Agencies/Institutions.

⁶ In the event of a fatal EOHS incident, WFP shall make a preliminary notification to the Bank promptly but in any case, no later than 72 hours after becoming aware of the occurrence. WFP shall further submit a draft RCA together with a CAP to the Bank within two weeks, with the understanding that a comprehensive and final RCA and implementation of any CAP may require additional time to ensure accuracy and completeness.
