According to the WFP Gender Policy (2015-2020), the following standards apply to all WFP gender-targeted interventions.

1. **Base all Interventions on Comprehensive Gender Analyses**
   - Design gender-targeted interventions – programmes for which the main purpose is to address the needs and interests of a particular population group and advance gender equality – based on empirical, quantitative and qualitative data that has been analysed from a gender perspective. Demonstrate, and describe a theory of change, the reasons for implementing a gender-targeted intervention.

2. **Promote Women’s Participation**
   - Invest in expanding women’s knowledge, skills, self-confidence and support networks and providing opportunities for women demonstrate their capabilities and contribute to design, implementation, monitoring and evaluation of WFP programmes and operations.

3. **Recognise, Value & Respond to Women’s Unpaid Domestic & Care Work**
   - Through awareness-raising, education, modern technologies, provision services and infrastructure recognise, reduce and redistribute the unpaid domestic and care work done by women and girls.

4. **Ensure Men & Boys are Engaged in Gender Equality Efforts**
   - Design and implement interventions that promote men’s and boys’ understanding of, commitment to, and action for gender equality.

5. **Support Girls’ Continued Education**
   - Invest in strategies and partnerships that keep girls in schools, where they can receive quality education through to the completion of secondary education and in environments free from the fear and acts of violence.
