

WFP South Sudan Situation Report #157

23 December 2016

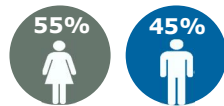

In Numbers

- 1.87 million** internally displaced people ([OCHA](#))
- 1,289,554** South Sudanese refugees ([UNHCR](#))
- 212,071** seeking shelter with the UN ([UNMISS](#))
- 3.6 million** people in need of food assistance from October–December ([WFP estimate](#))

Highlights

- WFP provided food and nutrition assistance to 1.6 million people in November
- As main transport routes open up, WFP is sending two test convoys from Juba to Bentiu and Yida
- WFP to take over food distributions in Leer county from ICRC

People assisted November 2016

GENDER MARKER **2A** EMOP 200859

Global Humanitarian Funding

Overall:
USD 1.3 billion
WFP share:
USD 550.7 million

WFP 6-month Net Funding Requirements (Dec. 2016–May 2017)

Emergency Operation (EMOP 200859)	USD 230.6 million
Protracted Relief & Recovery Operation (PRRO 200572)	USD 32.9 million
Logistics Cluster	USD 10.6 million
UNHAS	USD 16.9 million

Situation Update

- Multi-agency assessments including the Food Security and Nutrition Monitoring System (FSNMS), Integrated Food and Nutrition Security Causal Analysis (IFANSCA) are currently ongoing, which will feed into the Integrated Food Security Phase Classification (IPC) report expected to be released by end of January or early February.
- Since the July crisis in Juba and proliferation of fighting in other parts of the country, UNHCR has reported that 400,000 South Sudanese have left the country for Uganda—85 percent of these are women and children. This month the number of new arrivals per day peaked at 7,046 on 13 December.

WFP Response

Food and Nutrition Assistance

- In November, WFP provide food and nutrition assistance to 1.6 million people—55 percent of whom were female. This was achieved through the provision of over 18,000mt of food commodities and US\$1.5 million in cash transfers throughout the country.
- Registration of people for the Juba urban cash response is ongoing with approximately 3,200 households of a planned 7,000 registered to date. Registration is expected to be completed by next week.
- WFP has agreed with ICRC to take over food distributions in Leer county for about 12,000 households. ICRC will complete a further round of general food distributions before handing over to WFP in late January.

Supply Chain

- With the opening up of main transport routes as road conditions improve, WFP is sending two test convoys from

Juba to Bentiu and Yida.

- Air deliveries are ongoing through the remainder of the year to Bentiu, Ganyiel and Nyal (Unity).
- The barge set that departed Bor on 8 December has arrived in Malakal with 4,100mt of commodities and non-food items. Commodities delivered will meet operational needs in Malakal through April.

Clusters and Common Services

Food Security & Livelihoods Cluster (FSLC)

- FSL cluster coordinator participated in the Inter Agency Rapid Needs Assessment mission to Kajo Keji county in Central Equatoria (December 20 – 22nd). Conflict and insecurity has forced approximately 30,000 IDPs and host communities (actual figure yet to be determined) constituting about 50% of the entire County to flee their areas and become refugees in Uganda or IDPs in neighboring counties.
- Immediate food assistance response is recommended for the IDPs with seed and agricultural tools to be supplied by the start of the next rain season.

Logistics Cluster

- The Logistics Cluster facilitated the delivery of 192 mt of humanitarian relief items to Chuil, Duk Padiet, Ganyiel, Haat, Kodok, Lankien, Mankien, Malakal, Mathiang, Motot, Nyal, Paloich, Rubkona, Waat, Walgak, Wau Shilluk and Yuai on behalf of 22 organizations.
- The Logistics Cluster continues to support organizations with road convoy coordination throughout the dry season. On 16 December, the Logistics Cluster coordinated a humanitarian convoy from Juba to Aweil on behalf of CARE, IOM, Medair and WHO.
- The most recent Access Constraints Map is available at the following link: <http://www.logcluster.org/map/south-sudan-access-constraints-map-16-december-2016>

UN Humanitarian Air Service

- This week UNHAS transported 1,779 passengers and 14mt of light humanitarian cargo. UNHAS also managed 54 airdrop flights delivering 1,577mt of WFP food.
- Charter flights for UNDSS, ECHO Partners and OCHA IRNA Mission were also operated. Flights facilitated security assessments in Pagak and Old Fangak, a rapid needs assessment mission to Kajo Keji county with 1.8mt of cargo to Kajo Keji and emergency preparedness and response activities by ECHO partners with 1mt of cargo air lifted to New Fangak, Wichdeng, Pagil and Mvolo.
- UNHAS continues to support the child reunification

effort of UNICEF. During the reporting period, 4 children were reunited with their families in Akobo.

Feeder Roads

- Nothing significant to report

Emergency Telecommunications Cluster (ETC)

- With the increased number of local service providers, the ETC will be deactivated on 31 December with the decommissioning allowing for a transitional arrangement to begin. In this line, the ETC projects will migrate into more long-term solutions for data connectivity needs through the Humanitarian Internet Support Project (HISP) which is based on a cost-sharing mechanism between humanitarian partners to be managed by WFP. This project will continue to serve humanitarian workers in five locations: Malakal, Bentiu, Bor, Aweil and Mingkaman.
- The Security Telecommunications System will remain operational 24/7 under WFP which is currently upgrading the system to the Digital Mobile Radio (DMR) system as an inter-agency project.

WFP Operations					
	2017 Requirements (in USD)	6 Months Net Funding Requirements (in USD) (Dec 2016-May 2017)	People Assisted (November 2016) *	Female**	Male**
EMOP 200859 TOTAL (Oct 2015—Sept 2017)	710 million	230.6 million	953,761	542,451	464,008
